

*FANNIE*  *FLAGG*

Hey William,

I am thrilled the reading went so well, and I am very touched that the students wrote messages to me! And yes, I would dearly love to have it. By the way, I should have thought of this before, but... did someone tape the reading? I would love to hear it someday or maybe read a copy or even see photo's of the cast.

Please tell the students thank you and congratulate them for a job well done..I wish I could come to Gulf Shores in June but I am all booked up elsewhere in June, but thank you for the sweet invitation.
